

HELEN O'GRADY DRAMA ACADEMY

OVERBERG, OVERSTRAND & WORCESTER

ENHANCING YOUR CHILDS LIFE *DRAMATICALLY!*

The Helen O'Grady Drama Academy Overberg, Overstrand and Worcester run an International drama programme aiming to develop children through the performing arts.

Children learn whilst playing!

The learning process is active and dynamic! So, we are teaching your children valuable skills of self-esteem, confidence, great communication skills and social skills. Here they learn to creatively solve problems, think on their feet, learn self-control & discipline, explore their emotions and perceive the world and themselves in it. All whilst having loads of fun, dressing up and ending the year on a high note with a Production. Using drama as a part of self development for children is an imaginative and sensitive approach to teaching them these skills for life.

We are offering this program as part of the school curriculum at Applewood Preparatory school enriching your child's school experience. The program reinforces the school curriculum and is active learning – kinesthetic and empathetic. We operate in over 20 schools in the Western Cape. It is wonderful that our drama classes are in easy reach to everyone age 3-18.
