

MESSAGE FROM THE HEADMASTER

The book of Proverbs in the Bible tells us to; “Guard your heart, for it is the well-spring of life.” This is such an important imperative, for the condition of our heart determines the type of people we are. At Applewood ‘heart issues’ are important. We encourage our children to live full and positive lives grounded in integrity.

Founded on family values and sound teaching methods, Applewood Preparatory School is committed to delivering quality, well rounded education within a Christian ethos. Our children are loved. When you step onto our campus, the care, enthusiasm and contagious enjoyment of all activities is evident.

We are blessed with a fantastic position. Situated on an apple farm in the Kogelberg Biosphere Reserve, the campus offers freedom of space (a place where children can be children), surrounded by magnificent vistas of the Elgin Valley and snow-capped winter mountains. It is not unusual to hear the calls of Fish Eagles, Blue Cranes and Jackal Buzzards echoing above.

All of our pupils are encouraged to participate in the full range of activities offered by the school. The emphasis is on creative thinking, the development of verbal skills and discovery learning, with pupils actively involved in the learning experience.

Our outdoor education programme offers valuable opportunities for our pupils to develop outside the classroom, to appreciate the need to preserve our environment and to enjoy the natural heritage with which we have been blessed.

As you browse through this website you will be afforded a glimpse of what Applewood Preparatory School is about. The real experience can however only be felt first hand. Feel free to visit our campus and experience the sense of peace, happiness in this dynamic atmosphere.

B.M. CARROLL
